JACK GRAFF.....	Secretary

September 11—This is where we don our cloaks of dignity but we weren't quite sure of making it. After four long years we are proud seniors. Who would have thought that we would regret leaving? But as we look ahead with high hopes we realize that these high hopes are based upon just as happy memories of school life. Without these four precious years there would have always been something lacking in our lives.

Our class seems to be making a nice impression with our alma mater. Information concerning our many successful enterprises has circulated around a great deal and everyone is talking about our Senior-Alumni dance and Senior class play. It's been fun beating our record set last year for cooperation and

working harmoniously. We just found out early that it takes a group of people working in coordination to produce something really worth while and have taken advantage of that knowledge. Mistakes we have made have just been the basis of better work the next time.

And now we are standing at the portals of a new world—one which, though a trifle frightening, inspires us with an urge to conquer all obstacles at the top. Armed with knowledge gained during a period of training we set forth to use our education as a weapon to break down all barriers standing in the way of success. We have made the most of our high school career, and we have no regrets, nor shall we have any but pleasant and happy memories.

JANUARY 1941 GRADUATES

The senior class of 1941 was the first freshman class to enter the newly built Lanhier High School.

As freshmen we entered the large, spacious, modern building which will forever remain deep in our hearts as a wonderful memory of the happy days we spent there.

Today as seniors with graduation not too far in the future, we hope we have contributed something of value that incoming classes will benefit from.

As we go out into life we will strive to uphold the high standards of living that our dear Alma Mater has taught us.

BASEBALL

In the heart of every true American there is an extra tingle, an extra thrill at the mention of that great national pastime baseball. This year for the first in several there are tournaments to determine the State Champion in this sport. So far they have won six and lost one and we expect them to go far in this District Tournament which is to be held here at Lanphier Park. Their record is:

Lanphier.....11	Kincaid 2
Lanphier.....11	Ashland 2
Lanphier..... 1	Concordia . 4
Lanphier.....13	Greenfield . 2

Lanphier..... 7	Routt 1
Lanphier.....12	Ashland11
Lanphier.....10	Felishans .. 5

This is a very high percentage of 857% which is much better than any of our city opponents. Last year we were City Champs in Baseball, a fact which I think most of us didn't realize. In closing we would like to wish these heroes of the diamond and Coach Lindquist all the luck in the world and we would like to see them bring home a State Baseball Title to Dear old Lanphier.
