JUNE 1948 GRADUATING CLASS

We, the Senior Class of Lanphier, are now leaving our school after four years of study and fun. When we first came into Lanphier we all wondered at the sights we saw: halls full of students; so many classrooms and teachers. It was all so big to us then. We were fellows and girls from all kinds of schools and neighborhoods. All of us were here for the same purpose, "To gain an education." After four years we achieved our purpose. Our class has been blessed with more than our share of athletes and scholars. Of course, we have had our ups and downs but what class doesn't? All in all, we have been a good class and I am sure that we will always remember Lanphier, as our school.

ABNER, BETTY

She's just the kind
Whose nature never varies.
G.A.A. 1; Band 2, 3, 4.

JANUARY, 1949

In January, 1945, a class of eighty-six boys and girls entered the school as freshmen. During the three and a half years here thirty-eight have fallen by the way, leaving approximately forty-eight to graduate. During our enrollment here at Lanphier, we have had members in practically every club, including active members of the Lanphier Light, Band, and varsity athletic teams.

The usual twenty-five per cent of the class have pursued a college preparatory course and plan to attend schools of higher education. The other seventy-five per cent have followed a general course and will use this training to their advantage in the business world in the near future. However, no matter what the members of this class do, they will always remember the joyous days here at Lanphier High School.
